

Meeting the pioneers

We will take you by boat to the eastern part of the Amsterdam *Docks* area. In about 4 hours we will visit a number of architectural highlights along the borders of the IJ in an area that has undergone a major transformation over the last years. We will take you also to meet some of the pioneers that have transformed this area in a modern urban living environment.

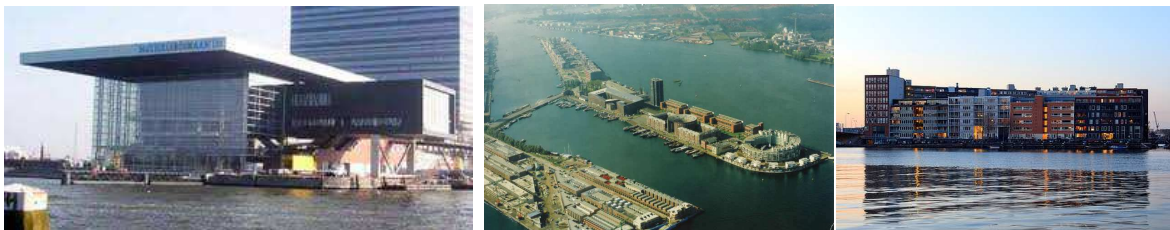

Program

Start at Amsterdam Arcam

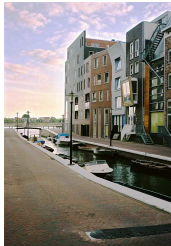

You meet your guide, that is a professional architect, at the Arcam building for a welcome word and an introduction to the tour. From the Arcam landing pier we will then leave by boat to tour along the shores of the IJ through the Eastern part of the Amsterdam Docklands. During the trip we will see a rich variety of architectural highlights that have been realised over the last couple of years as part of a massive re-development plan along this part of IJ shore.

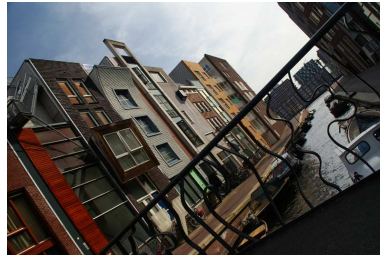

Tour of Java island

Exploring new canals

The typical Amsterdam canal tradition is re-created at Java island

End at the Lloyds hotel

We end the tour in the Lloyds hotel & Cultural Embassy, where Suzanne Oxenaar, one of the pioneers along the IJ-borders will tell about the start of the developments.

We will have a nice lunch or dinner there to round up the tour.

Tour specifics

The tour is available as a private and corporate tour. We have morning tours including lunch and tours in the afternoon including dinner..

The tour starts at the ARCAM building, will take about 4 hours and includes:

- Guided architecture tour in the Eastern Docks by architect
